4701 West Russell Road ▪ Las Vegas NV 89118

Tel (702) 455-3000 ▪ Fax (702) 221-0630

Division:	Building Division - Inspection	Policy & Procedure	BI-PP-031
Subject:	NON-EMERGENCY TEMPORARY ELECTRICAL POWER THROUGH THE METER FOR SINGLE-FAMILY RESIDENCES PRIOR TO BUILDING FINAL	Effective Date:	06/10/1994
Code:	N/A	Revised Date:	05/23/2015

A. POLICY:

Authorization for temporary power through the meter for residential construction may be granted due to special and/or unique conditions. Authorization may be granted for the purpose of equipment testing or unique methods or materials being used in the construction of the residence.

B. PROCEDURE:

To ensure that authorization for temporary power through the meter is granted only when required, the following procedure is to be followed:

All requests for temporary power through the meter for single-family residences are to be directed to the Area Supervisor. The Area Supervisor shall discuss and review the request with the applicant. The request shall be in writing and include:

- Specific reason for temporary power through the meter.
- Time duration requested for the temporary power.

Temporary power through the permanent service may be authorized only on a special case basis and only with the recommendation for approval by the Area Supervisor and approval from the Division Manager.

The written temporary power request shall be retained by the Supervising Building Inspector along with the temporary power application form.

The electrical inspector, prior to approval of the electrical meter tag inspection, shall verify the safety of the electrical circuits to be energized.
